My Great-Great Grandfather, powered grist mill in 1843. (It's

George Brown, built a water featured in the illustration above

and protected as a national historic landmark that still stands today). He used mill stones to grind the grains to produce farm animal feed and flour from the wheat he grew on his farm.

Franklin Brown, one of George's sons, joined his father in the business that he directed until he retired in 1920. As our country was celebrating the dawn of the 20th century, Brown's business started on its path of expansion and growth with the addition of Franklin Brown's four sons, the third generation, into the family business.

The four sons formed a partnership called F.M. Brown's Sons that was later incorporated in 1948. Each son successfully established separate but supporting divisions of F.M. Brown's including a large animal food division in Birdsboro, PA; the flour division in Sinking Spring, PA which later moved into a new plant in Fleetwood, PA; a working farm in Douglassville, PA and a fuel oil and coal division in Reading, PA. Later, their sons, the fourth generation of Brown's, entered the corporation.

In 1960, Harvey Brown, my Father and a member of the fourth generation of F.M. Brown's, moved his family to Sinking Spring, PA and began selling large animal foods that were produced by his brother in Birdsboro, PA. Harvey enjoyed a thriving business and had many trucks lined up waiting to be loaded with feed for their farm animals.

He then began to notice that farmers in the area were selling their land to developers and that it was time to think about the prospect of reinventing his business. Harvey noticed that people in the suburbs were setting up wild bird feeding stations in their backyards. He enjoyed the hobby but had difficulty finding a good quality wild bird food in the area. He began to explore the business of producing wild bird food at his facility. He channeled his entrepreneurial spirit, did his research, and spent endless hours setting up the plant to produce and package wild bird food. This was a brand new venture for F.M. Brown's.

With blood, sweat and tears, Harvey built his division from the ground up and made innovations in manufacturing procedures, including his exclusive five-stage cleaning process. He had no tolerance for dust, dirt or inferior ingredients. With his high standards, he established us a hobbyist quality wild bird food company that caters to people who are true hobbyists, interested in bringing beautiful songbirds into their backyard feeding stations. His loyal customers were so impressed with his wild bird food that they asked him to produce companion pet foods as well. He remembers when he received his first full truckload order for wild bird and companion pet food and how he celebrated that day.

Now under the supervision of the fifth generation of Brown's, Marianne Brown Egolf as Manager of the division and Sue Brown as Sr. Vice President of Sales and Marketing, we have expanded the Sinking Spring facility in order to keep up with the demand for our trusted brands, licensed products, and private label companion pet and wild bird products that are sold and recognized throughout the world. We're proud to have "stepped up to the plate" and reinvented the business again. My dad, Harvey Brown, was there to guide us all the way through the expansion with encouraging words and instilling us with his values, high standards, and work ethic. He still is actively involved in overseeing the business and we consult him regularly.

F.M. Brown's has grown into five privately held manufacturing facilities with divisions that include fuel oil and coal, a working farm, pigeon feed, grass seed, companion pet food and treats, wild bird food, equine treats, pond food, farm animal foods, and of course flour for the snack industry. We'll continue our legacy into the sixth generation who will hopefully one day pass the business onto their children...

the 7th generation of Brown's.

FROM OUR FAMILY TO YOURS!

Dear Valued Customer,

People who read our story often ask how F.M. Brown's survived for so many years and into the 6th generation of Brown's. How did we beat the stiff odds against us? What is the secret to the long-term success of a family owned and operated business?

First and foremost, the goal of our company is to endure long-term. All of our decisions are based on expanding and building the corporation for the next generation. Being a family owned business, we are afforded the luxury of not having to answer to public shareholders who demand short term profits and instant fixes. Instead, we can take time to strategize, adapt to and overcome any unfavorable conditions by working through them as a committed family team in order to continue our legacy. There is no tolerance for jealousy, selfishness or entitlement. We strive to do the right thing for our business, our family, our employees and

F.M. Brown's has successfully reinvented itself throughout the generations while retaining its core values based upon tradition, strength and integrity. As a member of the fifth generation of F.M. Brown's, I'm proud to say that we also successfully contributed to our history of reinvention by expanding our facility and improving our products, our packaging and our sales and marketing efforts. "Stand still and die." "Grow responsibly and flourish." Those are our mottos. There are times when one of us feels like giving up; but which of us wants to go down in our history as the "generation who failed?" How's that for motivation?

We have an unshakable family strength and stick together through thick and thin. We endure, grow and learn together. We still have old fashioned Friday night family dinners at our parent's farm where we gather to eat my Mother's wonderful cooking and decompress from our long work week. We try to keep our discussions focused on the family and not the business during these meals. We nurture our children and encourage them to go their own way and pursue their interests hoping that they'll bring back new ideas and thoughts about expanding the business. I cannot wait to see what the next generation has in store for us.

Lastly and most importantly, we want to express our heartfelt gratitude to all of our loyal customers. We respect the fact that our continued success is dependent upon our customers who continue to purchase our products and provide us with the encouragement to continue

Thank you for allowing me to share a bit of our journey and history with you and please feel free to browse through our catalog. We truly are more than you imagined.

Sincerely,

Sue Brown Senior Vice President, Sales & Marketing F.M.Brown's Sons, Inc.

205 WOODROW AVENUE SINKING SPRING, PENNSYLVANIA 19608

We're More Than You Imagined!

From New York to California; From the United States to the four corners of the earth, Brown's® is there with our large variety of branded, licensed and private label companion pet and wild bird products.

We're known throughout the world for the following:

- Our complete assortment and variety of unique items are developed and designed by our innovative research and development team to stand out from the rest and always be on cutting edge of the category.
- Our use of only the finest quality and healthy ingredients available to us locally and from around the world.
- Our state-of-the-art barrier-bag, vertical packaging, color coding of products by animal, dynamic graphics.;
 along with important animal care information and feeding instructions are incorporated into every package.
- Our ground-breaking 5-Stage cleaning process that virtually eliminates dust and dirt in our products.
- Our promotional event calendars, our sales and marketing team that consists of experts in the companion pet and wild bird category, our excellent support staff including our customer service department and quality control using ISO 9001 standards, all work towards our goal of making your experience dealing with Brown's® a choice that can always be depended on to exceed your expectations in category management and profitable sales.
- Our 6th generation of family members who own and operate Brown's® and whose goal is to constantly improve our facilities, products and quality control.

Check us out online!

Brown's® designed a state-of-the-art product and resource database to better connect to the community and give our customers easy access to up-to-date information.

We developed a full product database, complete with all of our products including detailed descriptions, product specifications, and image downloads.

We also provide a variety of resources for the distributor and the consumer including catalog downloads, pet care sheets, wild bird feeding information, helpful hints, news from Brown's®, an assortment of plan-o-grams, advertising examples, logo downloads, and links to retail locations that carry our products.

Learn about our rich family history on the "About Us" page, and contact us anytime by completing a brief questionnaire on the "Contact" page.

We're social too! Follow us on Twitter to find out what our customers are saying and see what's new at Brown's[®].

Features & Benefits

BARRIER BAG

SHNESS

FOR LOCKED IN 1

Feature

ESL (Extended Shelf Life):

Brown's[®] is the first company to research and successfully initiate "ESL" packaging in the companion pet and wild bird industry. Our "ESL" system uses special barrier film that ensures low oxygen and moisture transfer through the packaging material. We also flush our packages with CO₂. Our "ESL" logo appears on all barrier, gas-flushed bags.

Benefit

It greatly enhances the internal packaging. It ensures a fresh and highly nutritional product, protects the deterioration of nutrients, virtually eliminates naturally occurring insects & external cross-infestation, and provides stronger bag seals.

Feature

Product & Packaging Innovations:

Brown's® is recognized as the leader in product and packaging innovations in the pet and wild bird industry.

Benefit

We create outstanding packaging and graphics with important nutritional information on every product. Our products are their own "salespeople" and will inform your customers about the benefits of the product.

Feature

5-Stage Cleaning Process:

Brown's® goes beyond the industry norms by utilizing our "5-Stage Cleaning Process" that removes unwanted foreign matter.

Benefit

Look in the window of our packages and notice how clean, fresh and wholesome the ingredients are. This process ensures that we provide the cleanest product available with virtually no dust or dirt in the bags.

Feature

Easy-to-Find Product Color-Coding:

Each product is color-coded by type of pet for easy identification and can be vertically merchandised.

Benefit

Easy identification of the product your customer desires and the billboard effect of the products on the shelves guarantees a great presentation for the category.

Extreme!™ Natural Premium Western Timothy Hay

The Softer, Leafier Hay!

Timothy Hay is an exceptional long strand fiber and roughage source for small animals. It can be fed free choice, and should consist of two thirds of the daily diet of rabbits, guinea pigs and chinchillas.

Our select hay is 100% U.S.A. grown and harvested, sourced from the U.S. Northwest, the provider of the world's highest quality hay. For optimum freshness, this premium hay is harvested from weed-free fields, wafer cut, and cured. It's compressed into large bales to maintain color and freshness and stored indoors until packaged into our 24, 48 and 96 oz. sizes.

Our hay is harvested at the peak of maturity. This ensures a proper seed head and stem to leaf ratio, resulting in the softest, leafiest hay small animals prefer to eat.

- Wafer cut hay makes feeding time easy with less mess
- High-fiber hay supports digestive system function & dental health
- Field fresh sweet aromatic soft hay with a balance of taste and texture pets prefer
- All-natural, nutritious, select, Western Timothy Hay with no artificial flavors, colors, or preservatives
- From field to indoor storage for maximum freshness
- Scientifically tested, thoroughly inspected, and carefully hand packed for optimum quality and freshness

Real Hay Bales, Hay Supplements, and Hay Treats

Real Hay Bales!

Open the bag and smell the natural sweet aroma of Brown's® western-cut timothy and alfalfa hay. This clean natural scent is your assurance of top quality and freshness captured straight from the fields and harvested at the peak of maturity. Our miniature hay bales are excellent sources of high fiber and roughage required in the diets of rabbits, guinea pigs and chinchillas.

Alfalfa Hay Cubes

- Filler free compact cubes
- Less mess & easy-to-feed
- Easier, cleaner & more economical than loose hay

Timothy Hay Cubes

- Appealing flavor & aroma
- Long strand fiber source
- Easier, cleaner & more economical than loose hay
 A better, healthier choice than alfalfa

months old, guinea pigs, and chinchillas.

Side Salads Fruits n' Berries

We blended chopped timothy hay with select wild berries into a nutritional wholesome daily treat with lots of real pineapple, papaya, and cranberries. It's also rich in antioxidants.

Pee Patch Repair™ Quick-Growing Grass Seed Mixture

PEPATCH REPAIR

We love our dogs, but lawn damage from their urine and high traffic areas can be frustrating to deal with. Doggie urine is like super concentrated fertilizer that can burn the life out of your lawn. The most successful solution to bringing your lawn back to life is the natural one. A little water, some new soil, and a generous sprinkling of our quickgrowing premium grass seed mixture will get you on your way to new green grass within a week.

- Rapid green-up sun & shade mixture
- All-natural, chemical-free & easy to use
- I lb. covers 250 square feet
- Ideal for repairing brown spots & high traffic areas

BROWN'S STORY

Built **

in 1843

and registered as a National Historic Landmark, Brown's water-powered grist mill stands on Monocacy Creek in Pennsylvania. The old grist mill remains as solid as the day George Brown built it six generations ago.

It functions as a constant reminder of the

strength, tradition, and integrity

on which our company was built. 173 years later, Brown's has become

a national leader in animal nutrition products. The foundation of the past and the ideas of the present have blended

into what we know as Brown's today.

FROM OUR FAMILY TO YOURS!

We're more than you know!

- A 173-year-old Pennsylvania company
- Family-owned and operated by 6th generation owners
- Unique & effective "ESL" (Extended Shelf Life) packaging
 - · Color-coded packaging by animal species
 - Exclusive five-stage cleaning process
 - "Good, Better, Best" marketing program
 - · Best quality ingredients in all formulations
 - Merchandising tools available
 - Tailored color Plan-O-Grams to fit your store
 - · Wild bird, pet bird & small animal experts
- Reputation for integrity, product quality, and dealer support
